The complaints are to be forwarded, as soon as possible, to the Office of the Superintendent of the Police Department. The Office of the Superintendent of the Police Department shall administratively open a case for tracking purposes and subsequently classify the matter, which will determine investigation.

Complaints such as an alleged discourtesy or comparable act, and if the complaint, on its face, does not indicate officer misconduct, shall be characterized as "minor" and shall be investigated as an

Administrative Inquiry(AI). Administrative Inquiries may be investigated by the Internal Investigation Unit or a Supervisor, as designated by the Superintendent of the Police Department, and settled informally by the Superintendent of the Police Department or their designee.

Complaints of a more serious nature such as extortion, assault and battery, use of excessive force, false arrest or imprisonment, illegal entry by trespass, etc., shall be classified as a Preliminary Investigations of Employees (PIE) or Special Orders (SO). Upon receipt of such a complaint, the Superintendent of the Police Department shall create an order directing the Internal Investigation Unit to investigate such complaint.

At any time, the Board of Police Commissioners shall have the authority to request the Internal Investigation Unit investigate any complaint.

Upon receipt of any complaint, despite its classification, the Superintendent of the Police Department shall forward to the Board of Police Commissioners a copy of said complaint and order directing investigation. Upon receipt of the complaint and order from the Superintendent of the Department, the investigating Supervisor shall advise the Officer of the Complaint and permit the Officer to read the complaint before obtaining the Officer's statement concerning the allegations against the Officer. The investigating Supervisor from the Internal Investigation Unit shall also contact the complainant and any witnesses to obtain additional information about the complaint, evidence relevant to the complaint, and any other pertinent information.

Within thirty (30) calendar days after the receipt of a complaint by the Police Department, the investigating Supervisor will make a written report with all of the facts to the Board of Police

Commissioners, with a copy to the Superintendent of the Police Department. Such report shall include a recital of the facts found, a conclusion as to whether based on these facts, a reasonable person considering all the facts known, could, but not necessarily, would find that the alleged misconduct occurred. If the investigation of the report has not been completed within thirty (30) days of receipt of the complaint, the investigating Supervisor shall submit a preliminary report to the Board of Police Commissioners, with a copy to the Superintendent of the Police Department, at the end of said time, giving such information in each of the foregoing categories as is then available, and explaining the reasons for the delay. If circumstances necessitate that the time periods as set forth throughout this procedure cannot be observed, then it is contemplated that the time periods would be extended to such reasonable limits as may be required; provided however that such extensions do not conflict with any applicable statutory provisions or collective bargaining agreement. Investigating Supervisors and the Superintendent of the Police Department shall, at all times, comply with the requirements of the applicable collective bargaining agreement regarding the investigation, review, and disposition of complaints. At any time, the Board of Police Commissioners may inquire of the investigating Supervisor and/or the Superintendent of the Police Department regarding the recommended disposition of a complaint, the written report, facts found, conclusion, or other matters related to a complaint.

After review of said report, the Board of Police Commissioners shall determine how the complaint will be disposed of, which may include but is not limited to dismissal of the complaint, training, or discipline up to and including termination. If the Board of Police Commissioners imposes discipline, such discipline shall be imposed in accordance with the rules below and Section 41 through 45 of Chapter 31 of the Massachusetts General Laws. The Superintendent of the Police Department may make a recommendation to the Board of Police Commissioners regarding the disposal of the complaint, which may include but not be limited to dismissal of the complaint, training, or discipline up to and including termination. If the Superintendent of the Police Department recommends or if the Board of Police Commissioners elects to

impose a suspension of five days or more, the aggrieved Officer shall have a hearing before the Board of Police Commissioners, or an appointed hearing officer, in accordance with the rules below and Section 41 through 45, of Chapter 31 of the Massachusetts General Laws.

At its sole discretion, the Board of Police Commissioners may order a formal hearing held regarding any complaint or take whatever action deemed appropriate, including the appointment of a hearing officer pursuant to Section 41 of Chapter 31 of the Massachusetts General Laws. The Board of Police

Commissioners shall call upon the Director of Human Resources to recommend appropriate discipline in light of several factors, which shall include but not be limited to the Officers record of discipline, discipline issued for similar offenses, or other factors. The Board of Police Commissioners shall consider the recommendations of the Superintendent of the Police Department and/or the Director of Human Resources when deciding the disposition of a complaint. The Board of Police Commissioners shall have sole authority regarding the disposition of a complaint and the implementation of discipline, if any.

Before any action affecting employment or compensation is taken, the respondent must be advised in writing pursuant to Section 41, trough 45, of Chapter 31 of the Massachusetts General Laws.

In the event a hearing is given, the Board of Police Commissioners shall arrange for the hearing to be held at a mutually convenient time. The hearing should be held with a reasonable time after it is ordered and written notice shall be given to all parties at least three (3) days prior thereto.

All parties at the hearing have the right to be represented by counsel.

The hearing shall be conducted in accordance with the Massachusetts General Laws. The evidence should be presented to the Board of Police Commissioners by the City Solicitor or their designee. The purpose of the hearing is to determine the exact truth. The fact that the Board members are not all lawyers is proof in itself that the hearing is not expected to be conducted according to the strict rules of evidence. The hearing should be conducted so as to guarantee all of the rights and privileges generally recognized by law.

Evidence should be admitted and given probative effect only if it is the kind of evidence upon which reasonable persons are accustomed to rely on in the conduct of serious affairs. Every party should have the right to call and examine witnesses, to introduce exhibits, to cross-examine witnesses who testify, and to submit rebuttal evidence, as well as the right to a summation at the close of evidence.

The testimony taken should be under oath and may be audio and/or video recorded. Testimony may be taken in the presence of a qualified stenographer, when requested. The party who requests the stenographer shall pay for all stenographer expenses including transcribing.

If misconduct is determined, the respondent shall follow the procedures as mandated by General Laws, Chapter 31.

The Board of Police Commissioners shall forthwith state a decision on whether or not reconsideration is in order.

If misconduct is not determined, the accused Officer shall be exonerated. Nothing in these procedures shall be construed to deny the Police Officer any civil service rights under the Laws of the Commonwealth.

SECTION 2. Any member of the Department may be punished by the Board of Police Commissioners by reprimand, written warning, verbal warning, training or retraining, forfeiture of pay, required to serve extra tours of duty without pay, suspension from duty without pay, reduction in rank or grade, or dismissal from the Department, as provided in the City Ordinance and the Laws of the Commonwealth of Massachusetts, on conviction or a finding of having committed any of the following offenses to wit:
